

## OCEANIS 46.1 "MELTEMI"

<https://youtu.be/OpetgAlryow>

The Oceanis 46.1 is based on a Finot-Conq plan, keeping the distinctive stepped hull of the 51.1. Apart from her performance at sea and the huge amount of space that set this boat apart, this architecture makes optimal use of the cockpit beam. An incredibly efficient deck plan makes her wonderfully safe and easy to use. The furling mast, self-tailing jib and all the halyards and sheets brought back to a single winch at each of the helm stations, make manoeuvring simple when short-handed sailing.

Easy to sail, easy-going and fast, the Oceanis 46.1 can be customized to make her unique, appealing to a wide range of crews. Attention to design details makes life on board a real pleasure and you can sail confidently in the knowledge that she is safe.
